Wing Signature Base, shown in Paloma Copper.

50 years of exclusive comfort.

On the west coast of Norway, in the small community of Sykkylven, lies the company who has created some of the world's most comfortable chairs for generations – and still does.

In 1971, a revolutionary recliner was introduced and set a new standard in comfort and functionality. Stressless® was designed to offer maximum wellbeing and precious me-time in a busy, modern world. And with equal parts inspiration from nature and the region's tradition of skilled craftsmen, Stressless® got off to a flying start. Over 50 years later, Norway's largest furniture exporter is still located by the fjord and still offers you exclusive comfort, assembled by hand.

50 years of craftsmanship.

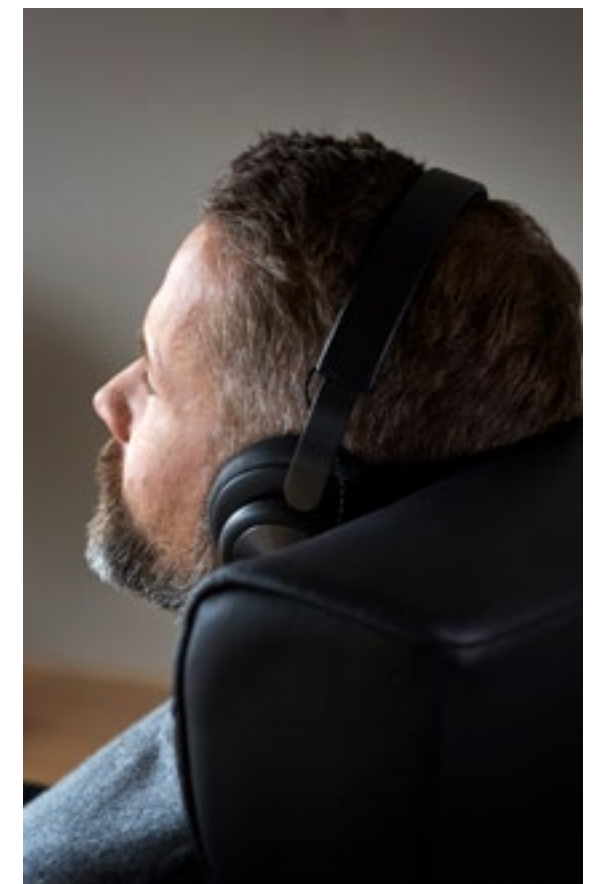

We aspire to create furniture with unparalleled comfort. With a highly skilled team of designers, engineers and skilled furniture makers we bring a fusion of expertise. Through collaboration, a design can surpass expectations. Comfort is one thing we never compromise on and we promise you'll appreciate the difference of how a genuine Stressless® feels.

Why Stressless®?

Take a seat and relax. When you do this in Stressless® furniture we hope you'll notice the difference between our furniture and everything else. The difference lies in our patented comfort technologies BalanceAdapt™, Power™, Plus™-system, Glide™-system.

Our vision is to create recliners and office chairs that provide perfect support while replicating the body's every movement. Add in the ability to select between three recliner sizes and the result is a level of fit and comfort one can only feel when spending time in Stressless® furniture.

Ruby Signature Base, shown in Paloma Copper.

The Ruby

As the name suggests, the Stressless® Ruby will certainly be the most in-demand seating in the house.

With contours that are softly rounded, yet surprisingly sophisticated, the Ruby offers plush seating for any room. All Stressless comfort features are of course in place.

Premium leather in a choice of colours and textures.

Being one of the world's largest premium furniture manufacturers comes with responsibility.

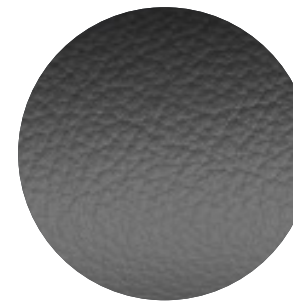

All our leather is manufactured in keeping with current laws and guidelines for animal welfare, health, safety and the environment.

Here, we work alongside recognised international institutions to ensure that we are always up-to-date. Our inspectors also take part in the leather selection process from our chosen tanneries. We maintain the highest of standards, so that you always make a great choice – regardless of texture, softness, colour and how you want the leather to look and feel.

For this, we offer many types of leather – from the most exclusive and delicate to the more robust quality.

Stressless® offers three categories of leather in a selection of beautiful colours

Ask in-store to discover the full Stressless® Leather Collection

Paloma

Slightly corrected leather with a combination of dyes and pigments that smooths down some of the structure (the grain pattern) of the leather.

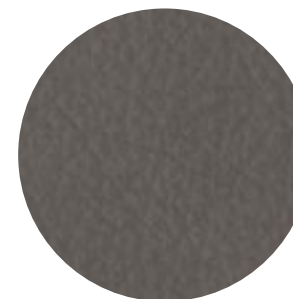

The grain structure in Paloma may, however, vary a little at some parts of the furniture and also minor colour nuances may appear in the leather. Natural marks, scars and insect bites are natural and will appear in Paloma.

Batick

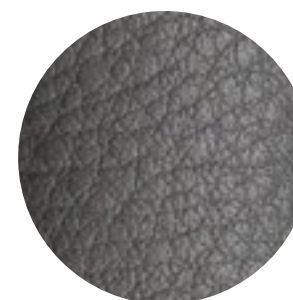

Corrected, pigment-improved and grain-embossed upholstery leather, which has had most of its natural marks removed.

Batick may have a two-tone colour effect to liven up the surface. Batick is resistant to fading, although changes in colour will occur over time due to use and exposure to light.

Velaro

Velaro is a thick, full-bodied leather with an elegant grain and natural look. It is dyed through, with a natural surface that is only slightly corrected and lightly coated. A double-tone and slight tip shine effect, add both depth and brightness to the shades. The very light embossing on Velaro mitigates the grain variation along the leather's surface, but some variations in grain pattern and colour nuances should be expected. Although robust, this leather remains very soft and sumptuous to the touch.

Noblesse

The most exclusive leather in the Stressless® collection. It is a full grain, semi-aniline leather, which means that the leather is dyed using a light surface treatment.

This provides a certain amount of protection, while maintaining the natural softness and glow that are characteristic of a first class upholstery leather.

Sustainable fabrics, inspired by nature.

The Stressless® fabric collection offers you the possibility of creating a calm breathing space in the comfort of your own home. We have a large selection of qualities and colours to choose from.

Our specially selected fabric collection meets the furniture industry's strictest requirements. Stressless® fabrics are produced in accordance with strict environmental conditions and are treated for heavy-duty use, light tolerance and inflammability.

Wing Power Base, shown in Calido Brown Fabric

Peony

70% Wool, 30% Viscose.

Classic wool fabric available in soft neutral colours. The small herringbone pattern provides a classic yet modern look, creating a warm atmosphere with a sense of quality and timeless design. The natural wood yarn makes the fabric strong.

Calido

80% Wool, 20% Polyamide.

Wool felt fabric with an exclusive appearance, which feels comfortable and soft next-to-the skin. It is available in a varied and exclusive colour palette.

Clover

70% Wool, 30% Viscose.

Classic wool fabric with a modern design and a beautiful calm colour palette. The smooth, soft surface is enhanced by the subdued colours with a melange effect, creating a fabric with distinct character. It is manufactured at a renowned Norwegian weaving mill with long traditions.

Yoredale

95% Wool, 3% Polyester, 2% Polyamide.

Structured wool fabric with a modern range of colors. The fabric feels soft and cosy and it is perfect for creating a classic, warm and inviting interior. It is available in a varied and exclusive colour palette.

NEW

Abelia

96% Wool, 4% Polyamide.

Abelia is a luxurious wool blend, woven with different yarn types to offer a finish with depth and structure. The 96% wool content provides many benefits, including being renewable and biodegradable as well as naturally warm, hypoallergenic and odour and stain resistant. Ensuring a long-lasting, enduring style.

NEW

Holly

45% GRS Certified Recycled Wool, 30% GRS Certified Recycled Cotton

With its natural look, the Holly fabric is made out of old wool garments that are recycled and made into new fabrics, reducing the use of virgin material. Furthermore, it promotes the virtues of balance and slowing down, tapping into the wellness effect for interiors that soothe the soul with timeless, luxury appeal.

Stressless® wood colours.

Ekornes uses rotary cut beech veneer in all its moulded furniture components. Lightly steamed beech is used for solid wood components.

The hardness of the wood makes beech furniture extremely durable, and the timber we use is a renewable resource. Beech is a natural material and variations in its pattern, colour and texture make each piece of furniture unique.

Although beech is used for both solid and moulded components, structural differences may be visible.

Stressless® Leather and Fabric Care kits.

Ekornes offers its own leather and fabric (including microfibre) care kits to match the high quality of our furniture.

The Stressless® Leather Care kit (medium/large) contains a leather cleaner and protection cream. Stressless® Leather Care Wipes are also available.

For maintenance, and to make the leather more resistant to stains, the protective cream should be applied to all your recliner's leather surfaces when new. We recommend that you clean the leather with Stressless® leather cleaner at least once every six months to keep your leather looking its best, removing stains regularly and ensuring long leather life. Always apply the protective cream after cleaning.

The Stressless® Fabric Care kit contains a fabric cleaner, a stain remover and an Ox cleaner. This kit contains everything you need to clean your furniture in minutes without removing the fabric cover. For resistant stains, use the fabric cleaner together with the stain remover and Ox cleaner.

These are the only cleaning products recommended by Stressless®. Stressless® accepts no responsibility if cleaning products other than those recommended by Ekornes are used and cause damage to the leather.

Comfort that lasts.

At Stressless® we make quality products that will last you a lifetime. Our raw materials are selected with the utmost care and consideration to give the furniture endurance. Choosing a high-quality product extends its lifespan and lowers the environmental impact making design just as important. With our focus on timeless pieces, we create Stressless® icons to last.

5
YEAR GUARANTEE

We guarantee all electrical parts and motor on the Power™ system for a period of 5 years from the date of initial delivery to the consumer. The battery is not included in the 5-year guarantee.

2 YEAR GUARANTEE on Power Batteries.

10
YEAR GUARANTEE

10-year internal mechanism & construction guarantee

We guarantee the internal mechanism and construction of our recliners for a period of 10 years from the date of initial delivery to the consumer. The 10-year guarantee covers the mechanical functions in the recliner. The 10-year guarantee covers the internal framework of steel and/or wood, including the metal springs.

The 10-year guarantee does not cover damage to leather, woodwork or any faults or damage caused by the use of the product other than in accordance with the manufacturer's recommendations, as well as any faults or damage arising from any repairs made by any persons not authorized by the manufacturer or use of non-original parts. Some natural settlement and indentation in the padding and foam is considered normal and is part of a break-in process.

GIUSEPPE NICOLETTI
Esclusively for HSL

Modern style, traditional family values.

Discover the beauty and craftsmanship of Giuseppe Nicoletti furniture, now available exclusively at HSL. With a rich heritage dating back decades, Giuseppe Nicoletti and his sons have crafted the finest upholstered furniture, echoing the same family dedication we hold dear at HSL.

At Nicoletti, trained artisans meticulously design and develop each collection, blending years of expertise with advanced technology to refine the perfect seating experience.

Their designs allow you to create endless configurations, tailored to fit the unique needs and style of your home, making each piece distinctly yours. Experience enhanced seating with adjustable headrests and reclining options, designed to elevate your relaxation and make every moment a true pleasure.

Together, we have guaranteed that with this latest collection, whatever your style, you'll find the ideal piece for your home.

Experience the passion, tradition, and sophistication of Giuseppe Nicoletti sofas at HSL – where Italian luxury meets British comfort.

Built around your lifestyle

The collections offer a variety of options, including a chair, 2-seater, and 3-seater sofa, as well as modular pieces allowing you to add various pieces to create the perfect configuration, tailored to your space, with each section delivered as an individual piece.

Discover true luxury with our fabric and leather collections.

Our luxurious collections of fabrics and leathers are hand-selected by our design teams to perfectly complement your chosen piece. From natural leather hides to our super-soft fabrics designed to withstand daily use while maintaining their beauty, each material ensures your Nicoletti furniture remains a centrepiece of style and relaxation in your home.

Torello Leather

This quality family-friendly leather, has a soft corrected textured grain, giving it a uniform yet natural appearance.

Created in the finest Italian tanneries it is around 20% thicker than most standard leathers on the market. Boasting a protective finish across a wide range of fashionable colours makes it ideal for busy family life.

Botero Leather

This beautiful semi aniline through dyed leather offers a wonderful natural grain, lightly buffed to ensure a soft silk like handle to this natural leather. Also available in a wide range of fashionable colours, this luxury leather tailors beautifully on our exclusive Italian collections.

Like all leathers these articles show the natural characteristics and variations in colour and grain, making each piece truly unique and are the hallmark of its natural authenticity.
