50 years of exclusive comfort.

On the west coast of Norway, in the small community of Sykkylven, lies the company who has created some of the world's most comfortable chairs for generations – and still does.

In 1971, a revolutionary recliner was introduced and set a new standard in comfort and functionality. Stressless® was designed to offer maximum wellbeing and precious me-time in a busy, modern world. And with equal parts inspiration from nature and the region's tradition of skilled craftsmen, Stressless® got off to a flying start. Over 50 years later, Norway's largest furniture exporter is still located by the fjord and still offers you exclusive comfort, assembled by hand.

50 years of craftsmanship.

We aspire to create furniture with unparalleled comfort. With a highly skilled team of designers, engineers and skilled furniture makers we bring a fusion of expertise. Through collaboration, a design can surpass expectations. Comfort is one thing we never compromise on and we promise you'll appreciate the difference of how a genuine Stressless® feels.

Why Stressless®?

Take a seat and relax. When you do this in Stressless® furniture we hope you'll notice the difference between our furniture and everything else. The difference lies in our patented comfort technologies BalanceAdapt™. Power™. Plus™-system. Glide™-system.

Our vision is to create recliners and office chairs that provide perfect support while replicating the body's every movement. Add in the ability to select between three recliner sizes and the result is a level of fit and comfort one can only feel when spending time in Stressless® furniture.

Ruby Classic Base, shown in Paloma Chocolate Brown.

Ruby Signature Base, shown in Paloma Copper.

Stressless® Ruby

As the name suggests, the Stressless® Ruby will certainly be the most in-demand seating in the house.

With contours that are softly rounded, yet surprisingly sophisticated, the Ruby offers plush seating for any room. All Stressless comfort features are of course in place.

FIND YOUR BALANCE

With BalanceAdapt™. Subtle rocking motions enhance the feeling of total balance. Although subtle, these movements provide a fantastic feeling whilst seated.

Ruby Cross Base, shown in Paloma Sparrow Blue.

Premium leather in a choice of colours and textures.

Being one of the world's largest premium furniture manufacturers comes with responsibility.

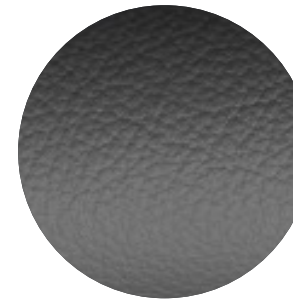

All our leather is manufactured in keeping with current laws and guidelines for animal welfare, health, safety and the environment.

Here, we work alongside recognised international institutions to ensure that we are always up-to-date. Our inspectors also take part in the leather selection process from our chosen tanneries. We maintain the highest of standards, so that you always make a great choice – regardless of texture, softness, colour and how you want the leather to look and feel.

For this, we offer many types of leather – from the most exclusive and delicate to the more robust quality.

Stressless® offers four categories of leather in a selection of beautiful colours

Ask in-store to discover the full Stressless® Leather Collection

Paloma

Slightly corrected leather with a combination of dyes and pigments that smooths down some of the structure (the grain pattern) of the leather.

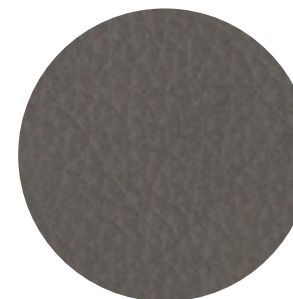

The grain structure in Paloma may, however, vary a little at some parts of the furniture and also minor colour nuances may appear in the leather. Natural marks, scars and insect bites are natural and will appear in Paloma.

Batick

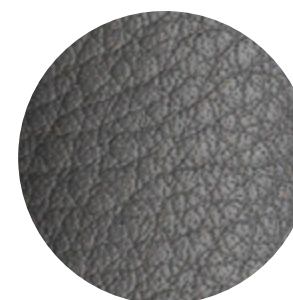

Corrected, pigment-improved and grain-embossed upholstery leather, which has had most of its natural marks removed.

Batick may have a two-tone colour effect to liven up the surface. Batick is resistant to fading, although changes in colour will occur over time due to use and exposure to light.

Velaro

Velaro is a thick, full-bodied leather with an elegant grain and natural look. It is dyed through, with a natural surface that is only slightly corrected and lightly coated. A double-tone and slight tip shine effect, add both depth and brightness to the shades. The very light embossing on Velaro mitigates the grain variation along the leather's surface, but some variations in grain pattern and colour nuances should be expected. Although robust, this leather remains very soft and sumptuous to the touch.

Noblesse

The most exclusive leather in the Stressless® collection. It is a full grain, semi-aniline leather, which means that the leather is dyed using a light surface treatment.

This provides a certain amount of protection, while maintaining the natural softness and glow that are characteristic of a first class upholstery leather.

Sustainable fabrics, inspired by nature.

The Stressless® fabric collection offers you the possibility of creating a calm breathing space in the comfort of your own home. We have a large selection of qualities and colours to choose from.

Our specially selected fabric collection meets the furniture industry's strictest requirements. Stressless® fabrics are produced in accordance with strict environmental conditions and are treated for heavy-duty use, light tolerance and inflammability.

Peony

70% Wool, 30% Viscose.

Classic wool fabric available in soft neutral colours. The small herringbone pattern provides a classic yet modern look, creating a warm atmosphere with a sense of quality and timeless design. The natural wood yarn makes the fabric strong.

Calido

80% Wool, 20% Polyamide.

Wool felt fabric with an exclusive appearance, which feels comfortable and soft next-to-the skin. It is available in a varied and exclusive colour palette.

Clover

70% Wool, 30% Viscose.

Classic wool fabric with a modern design and a beautiful calm colour palette. The smooth, soft surface is enhanced by the subdued colours with a melange effect, creating a fabric with distinct character. It is manufactured at a renowned Norwegian weaving mill with long traditions.

Yoredale

95% Wool, 3% Polyester, 2% Polyamide.

Structured wool fabric with a modern range of colors. The fabric feels soft and cosy and it is perfect for creating a classic, warm and inviting interior. It is available in a varied and exclusive colour palette.

NEW

Abelia

96% Wool, 4% Polyamide.

Abelia is a luxurious wool blend, woven with different yarn types to offer a finish with depth and structure. The 96% wool content provides many benefits, including being renewable and biodegradable as well as naturally warm, hypoallergenic and odour and stain resistant. Ensuring a long-lasting, enduring style.

NEW

Holly

45% GRS Certified Recycled Wool, 30% GRS Certified Recycled Cotton

With its natural look, the Holly fabric is made out of old wool garments that are recycled and made into new fabrics, reducing the use of virgin material. Furthermore, it promotes the virtues of balance and slowing down, tapping into the wellness effect for interiors that soothe the soul with timeless, luxury appeal.

Stressless® Leather and Fabric Care kits.

See page 18 for more information on our leather and fabric care kits.

How to build your perfect Stressless® chair

Select design and size

Optimal comfort is also about the correct size. Most of our recliners are available in up to three sizes for you to find the perfect fit.

S M L

Select upholstery in leather or fabric

Stressless® furniture can be delivered in numerous covers: 4 leather qualities and 6 fabric qualities in more than 100 colours.

Select base in wood or metal

There are five different bases to choose from, all with one thing in common; unique comfort.

Signature Base with BalanceAdapt™

An elegant combination of wood and aluminium that offers a soft and comfortable rocking motion.

Available in sizes S, M and L.

Cross Base with BalanceAdapt™

An elegant combination of wood and aluminium that offers a soft and comfortable rocking motion.

Available in sizes S, M and L.

Classic Base

A timeless design in classic wood with unique stability.

Available in sizes S, M and L.

Classic Power™ Base

The comfortable Power system is elegantly concealed beneath the seat, but subtly concealed controls extend the integrated footstool providing the perfect support for your legs.

Available in sizes M and L.

Home Office Base

This castor base offers full freedom of movement and height adjustment for personal adaption of your seat height.

Available in size M.

Stressless® Footstool

A separate footstool with angle adjustments allows for maximum freedom of position according to your body size.

Available as standard with all recliners excluding the Classic Power™ Base

ACCESSORIES

Hard Floor Protector

Self-adhesive felt for use under the base as floor protection.

£11.99

Elevator Ring

The Stressless® elevator ring adds an extra 3.5 cm sitting height, and is your key to comfort if you need extra height. Just snap it on: no tools are required.

S/M £109 L £119

Signature Elevator Kit

If you require additional height on your Stressless® with a Signature base you can order an elevator kit, which is easily attached and will increase the height of your chair by 3.5cm.

£79

Footstool Elevator Ring

The Stressless® footstool elevator ring adds 3.5 cm to the height.

£79

TABLES

Swing Table

This table remains independent of your movements and can be simply swung aside when not in use. Can only be fitted to Classic base and Power recliners.

W: 28cm

£99

Ellipse Table (Adjustable height)

This flexible, easy-to-move table is ideal, since it keeps everything you need within easy reach while you are in your "comfort zone".

W: 49cm D: 38cm H: 48-71cm

£269

Stressless® wood colours.

Ekornes uses rotary cut beech veneer in all its moulded furniture components. Lightly steamed beech is used for solid wood components.

The hardness of the wood makes beech furniture extremely durable, and the timber we use is a renewable resource. Beech is a natural material and variations in its pattern, colour and texture make each piece of furniture unique.

Although beech is used for both solid and moulded components, structural differences may be visible.

Stressless® Leather and Fabric Care kits.

Ekornes offers its own leather and fabric (including microfibre) care kits to match the high quality of our furniture.

The Stressless® Leather Care kit (medium/large) contains a leather cleaner and protection cream. Stressless® Leather Care Wipes are also available.

For maintenance, and to make the leather more resistant to stains, the protective cream should be applied to all your recliner's leather surfaces when new. We recommend that you clean the leather with Stressless® leather cleaner at least once every six months to keep your leather looking its best, removing stains regularly and ensuring long leather life. Always apply the protective cream after cleaning.

The Stressless® Fabric Care kit contains a fabric cleaner, a stain remover and an Ox cleaner. This kit contains everything you need to clean your furniture in minutes without removing the fabric cover. For resistant stains, use the fabric cleaner together with the stain remover and Ox cleaner.

These are the only cleaning products recommended by Stressless®. Stressless® accepts no responsibility if cleaning products other than those recommended by Ekornes are used and cause damage to the leather.

Comfort that lasts.

At Stressless® we make quality products that will last you a lifetime. Our raw materials are selected with the utmost care and consideration to give the furniture endurance. Choosing a high-quality product extends its lifespan and lowers the environmental impact making design just as important. With our focus on timeless pieces, we create Stressless® icons to last.

5
YEAR GUARANTEE

We guarantee all electrical parts and motor on the Power™ system for a period of 5 years from the date of initial delivery to the consumer. The battery is not included in the 5-year guarantee.

2 YEAR GUARANTEE on Power Batteries.

10
YEAR GUARANTEE

10-year internal mechanism & construction guarantee

We guarantee the internal mechanism and construction of our recliners for a period of 10 years from the date of initial delivery to the consumer. The 10-year guarantee covers the mechanical functions in the recliner. The 10-year guarantee covers the internal framework of steel and/or wood, including the metal springs.

The 10-year guarantee does not cover damage to leather, woodwork or any faults or damage caused by the use of the product other than in accordance with the manufacturer's recommendations, as well as any faults or damage arising from any repairs made by any persons not authorized by the manufacturer or use of non-original parts. Some natural settlement and indentation in the padding and foam is considered normal and is part of a break-in process.
