ercol HSL

A Rich History

ercol was established over 100 years ago by Italian designer Lucian R Ercolani, with people at the heart of the business from the very beginning.

That remains true today, with Lucian's great-grandson leading ercol and continuing his beliefs.

Family Values

Founded in Yorkshire in 1968 by Jeffrey and Patricia Burrows, HSL remains proudly family-owned, with members of the Burrows family involved across every part of the business. Much like ercol, family values are at the heart of everything we do, and true to our Yorkshire roots, you can always expect a warm welcome (and a proper cup of tea).

A wooden armchair with green herringbone upholstery is the central focus, positioned in a room with a fireplace. The chair has a curved wooden frame and a high backrest. The background features a white fireplace mantel with a framed picture, a vase with leaves, and some books. The fireplace itself is made of dark bricks. The wall is white with decorative paneling. The floor is made of light-colored wood, and a light-colored rug is partially visible under the chair.
